

Edwin Black

author of the bestselling

War Against the Weak

*Screens a sneak preview of the documentary
based on his book*

THE BEST BOOK ON EUGENICS. Edwin Black has written what may well be the best book ever published about the American eugenics movement and the horrific events it spawned. Combining exhaustive research, a very readable style, and just the right touch of moral outrage, Black splendidly conveys the evil depth and breadth of eugenics philosophy, the pseudo-science and social theory that

unleashed a half-century of war against society's most vulnerable citizens.
